1. What is your subject of this	connection or interest pending proceeding	st in this case?	* For example, a	re you a custo Attach additiona	mer of the	Company that is the	e

I have been a customer of Tega Cay Water Service, Inc. since the city converted from the use of well water.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I protest the 48+% rate increase that's being proposed. The water quality does not validate said increase. I have to clean my toilets constantly to get rid of the "pink" iron rings and have had to install 2 filters(one to the kitchen sink and one to the water dispenser in the refrigerator) just so my family can drink it—this is already an added an added expense that I feel should not be necessary---especially if my rate is going to go up by almost 50%! Outrageous! I totally understand inflation, but this request for rate increase is exorbitant in my opinion.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

I would be interested in being informed as to when it will be held. Thank you.
